EU MADNESS: Brussels paves illegal immigrants' road to UK by ruling they CAN'T be detained

BARMY Brussels judges have left our borders virtually defenceless after ruling that illegal immigrants trying to sneak into Britain CANNOT be detained by French authorities.

By LEDA REYNOLDS AND NICK GUTTERIDGE

PUBLISHED: 10:42, Tue, Jun 7, 2016 | UPDATED: 15:29, Tue, Jun 7, 2016

93 Il découle de l'ensemble des considérations qui précèdent qu'il convient de répondre aux deuxième et troisième questions que la directive 2008/115 doit être interprétée en ce sens qu'elle s'oppose à une réglementation d'un État membre permettant du seul fait de l'entrée irrégulière par une frontière intérieure, conduisant au séjour irrégulier, l'emprisonnement d'un ressortissant d'un pays tiers, pour lequel la procédure de retour établie par cette directive n'a pas encore été menée à son terme. Cette interprétation est également valable lorsque le ressortissant concerné est susceptible d'être repris par un autre État membre, en application d'un accord ou d'un arrangement au sens de l'article 6, paragraphe 3, de ladite directive.

CJEU - Case C-47/15, Sélima Affum v Préfet du Pas-de-Calais, Procureur général de la cour d'appel de Douai

93 It follows from all the foregoing considerations that the answer to the second and third questions is that Directive 2008/115 must be interpreted as precluding legislation of a Member State which permits a third country national in respect of whom the return procedure established by that directive has not yet been completed to be imprisoned merely on account of illegal entry across an internal border, resulting in an illegal stay. That interpretation also applies where the national concerned may be taken back by another Member State pursuant to an agreement or arrangement within the meaning of Article 6(3) of the directive.

We need to stop this creep Macron from cucking up Europe, Le Pen is France's, and by extension, Europe's, last hope. We've got two weeks to wipe that Rothschild-smile off his face.

The left loves him because he wifed up his old teacher, Brigitte, who is like 30 years older than him, it plays into their "muh stronk, older woman

can get hot young toy boys"-fantasy. Brigitte has got a 30 year old daughter from a previous marriage Tiphaine Auziere. Wouldn't it be funny if it got out that Macron had engaged, or tried to engage in improper conduct with the young (arguably) hot daughter of his strong semi-senile wife in the past - that his wife is a woman scorned, but hush money from (((the establishment))) was doused on the matter to keep it a secret. (that last part about the hush money might be a stretch, but hey)

There have already been allegations about Macron being a closeted homosexual so the idea that he is a sexual pervert is already planted in the peoples' heads...people might buy it and that would taint him into oblivion.

Well what do I know anons, I'm just a Swedecuck grasping for straws here but something must be done in these coming two weeks and this is the best angle I came up with for now, the frog-anons would obviously have to help spread this in frog.
